Work Session

Mayoral Proclamation – Building Safety Month, May, 2021

Mayor Godfrey and the city council members took turns reading the Building Safety Month Proclamation. Levitski stated that May is designated as the building safety month to raise awareness about building safety. She said the campaign reinforces the need for the adoption of modern, regularly-updated building codes, and helps individuals, families, and businesses understand what it takes to create safe and sustainable structures. Levitski highlighted the important role code officials play in public safety and the building industry. She noted the themes for each week during the month, and provided information on the number and types of building permits the City of Cambridge has processed in 2021.

Discussion of Interest in Applying for a Federal EDA Grant

Vogel informed the council the Federal EDA has set aside approximately \$3 billion for local economic development projects. He said they are now accepting grant applications to provide grants for up to \$3 million, with a required 20% match from the applicant. Vogel said staff has recommended a proposal to extend water services to several buildings in the downtown area, purchase as many vacant buildings as possible under the grant, renovate them, and then use them as lease to own incubator spaces to encourage revitalization of downtown Cambridge. He wanted to know if the council members were interested in applying for the grant. The council member gave an informal thumbs up or down, and were unanimous in providing a thumbs up that they were interested in applying for the grant.

Unfinished Business

Baas Property Swap/Purchase at Cambridge Airport

Milz reviewed with the council a proposal from Brian Baas to exchange property with the City of Cambridge. He said Baas currently owns a parcel of approximately 5.9 acres in size, that is located east of the airport inside the runway protection zone. Milz explained it is part of the 5-year plan to purchase this parcel to be in compliance for the airport. He said Baas would like to exchange his parcel of land for a 9-acre parcel (15.031.0300) of city owned property located northeast of the airport. Milz noted that Baas agrees to clear the necessary trees and relocate the airport fence to border the proposed new property line at his own expense. There were also some language changes in the documents that would protect the City's right to operate the airport. Milz said the documents have been sent to the FAA for their review, and any recommendation by the City Council would still be dependent on the approval of these documents by the FAA as well. Squires recommended the contingency of the documents also include their approval by the MNDOT Aeronautics division too.

Shogren asked if accessing the 9-acre parcel through the airport property would cause any interference with the airport operations. Milz said that he didn't believe it would, but was not certain the FAA would approve the documents with this extra access point. Iverson wanted to know what the benefit was to the city in giving up 9 acres in exchange for 5.9 acres. Milz said it allows the city to acquire the property it needs to clear the approach to the runway and it also clears up the property easement. Godfrey asked what the breakdown was to purchase the property in 2025 as scheduled. Milz said the purchase of the 5.9 acres would be funded with 90% FAA, 5% State, and 5% City contributions. Godfrey and Iverson didn't feel that the land swap was a fair trade when the city will only have to contribute 5% to purchase the land in another 4 years anyways. Shogren asked if the fencing would need to be changed if the city waited to purchase the land at a later date, and Milz said that it would not. Squires said it appears to be more of an economic decision than an operational decision, as it will not affect operations at the airport if the city waits until 2025 to acquire the 5.9-acre parcel. He said the city would be giving up 9 acres of land that has some value, for a piece of land that the city will only have to pay 5% of the fair market value for. Shogren asked if the property the city needs to acquire will be done through imminent domain if no proposal is approved before 2025, and Milz said that he believed it would be. Shogren moved, seconded by Iverson, to deny the current proposal as presented. Upon roll call, the motion was unanimous. The council members did clarify that though they rejected this proposal, they would be open to other proposals in the future.

New Business

Creation of Deputy Police Chief Position

Vogel said Chief Schuster has requested the City consider creating a second-in-command position as done in other departments, and reassign Sergeant Shawn Machin to the position of Deputy Police Chief. He said this will not be an added position, and a job description was created to rate it on the city's pay equity salary scale. Vogel said the added cost would be \$1,880.63 for 2021, and would be similar in annual costs for 2022 and 2023. He said the department would reduce their budget in other areas to offset the increased personnel cost. Shogren asked why the position was not available to others in the department, and Schuster said it was because Sergeant Machin was the only one who held a bachelor's degree and had supervisory experience in the department. Conley moved, seconded by Iverson, to approve the creation of the Deputy Police Chief position effective June 1, 2021, and appoint Sergeant Shawn Machin to the position. Motion passed unanimously.

Asbestos Abatement Proposals for City Owned Properties at Sandquist Park, 517 1st Avenue East, and 105 South Cypress Street

Schwab said he was asked by former Administrator Woulfe to obtain an Asbestos/Hazardous Materials Survey for city owned properties at 2680 28th Avenue SW, Sandquist Park (Jamestown), 517 1st Avenue E, and 105 South Cypress. He said TR Environmental conducted the survey and found asbestos that will need to be abated at Sandquist Park (Jamestown), 517 1st Avenue E, and 105 South Cypress. Schwab said hazardous materials were also found at 2680 28th Avenue SW that will need to be removed. The abatement work will need to be completed before the structures can be demolished or used for training burns. Schwab said city staff will remove and dispose of the hazardous materials from the property at 2680 28th Avenue SW. He said the Sandquist Park and 28th Avenue properties will be used for training burns later this summer, but the 517 1st Avenue E and the 105 South Cypress properties will not be scheduled for live burn training due to the proximity to other residences. Those structures will need to be demolished.

Schwab said he solicited proposals from two companies to do the abatement services, but is still in the process of soliciting quotes for demolition, utility disconnects, removals, and restoration for all of the properties. The two companies with proposals for abatement are Hummingbird Environmental LLC for \$13,220 and Titan Environmental Inc. for \$21,900. Schwab stated the costs of the abatement, and an additional \$40,000 estimated for the demolition and other, would come from the EDA Administration Fund #205 on the recommendation of Finance Director Moe. She had informed Schwab that the roof and HVAC project came in under budget by more than the \$53,220 needed for the City Owned Property Structure Removal.

Shogren asked why the properties on 1st Avenue East and South Cypress need to be razed, and Schwab informed him that they are in the right-of-way for the Highway 95 Project. Shogren wondered why the city would pay to have them demolished now, and not wait for state funding to pay for it. Godfrey felt that they were a liability sitting empty, and the city could be looking at higher costs if something unfortunate were to happen. Vogel said the priority level of the project goes up as the city continues to contribute to clearing properties for the highway project. Schwab stated the properties have been broken into several times, and staff is worried the city will incur financial costs if someone breaks in again and sustains injuries. Moe stated that there are costs of maintaining the properties that go beyond the funding the city has already received from the state. She was not able

to say if demolishing the properties right now was the best approach financially, without having further discussions with MNDOT. Ziebarth moved, seconded by Conley, to approve the Asbestos Abatement Proposal from Hummingbird Environmental LLC for the total amount of \$13,220.00. The motion passed on a split 3/2 vote, with Iverson and Shogren being the two nay votes.

Mayor's Report

Godfrey wanted to wish Linda Woulfe well in her retirement, and noted she stated at her retirement reception that the council, staff, and community of Cambridge were the best she had worked for in her career. He also implored people to listen to the podcast that was dedicated to Linda on April 28th.

There were no Council Concerns.

City Attorney/City Administrator's Report

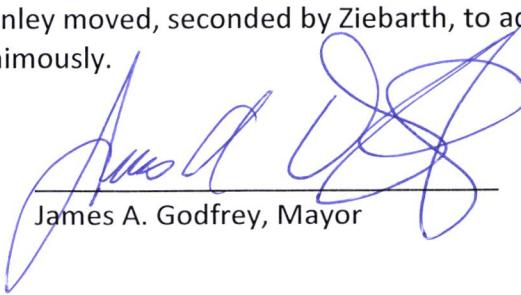

Vogel wanted to welcome the new Assistant City Administrator Athanasia Lewis, whom started the previous week. He has also been in conversations with MNDOT, and has sent letters of support to expedite the moving of the railroad switch.

Adjournment of Council Meeting

Being no further business before the City Council, Conley moved, seconded by Ziebarth, to adjourn the regular meeting at 5:42 pm. Motion carried unanimously.

Generally, salaries are allocated to each park based on a time estimate received from our Public Works Director. During the year, as the seasons change, the allocations change to reflect current park activity.		
Not location specific expenses includes things that would be too difficult to allocate to a specific park like park liability insurance, gas for park vehicles, small tools, vehicle repairs, and park commission expense.
