

Garden Rules
Cambridge Community Garden
City of Cambridge
A Project of the Isanti County Master Gardeners

1. Gardening is allowed between 5:00 AM to 10:00 PM.
2. Keep garden gates closed.
3. Each gardener is responsible for the maintenance and upkeep of their garden plot. Watering, weeding, harvesting and any other garden related maintenance are all the responsibility of the gardener. Gardeners may arrange for others to water their plots. Plots not planted by June 1, may be reassigned. After May 15, no refund of fee unless someone is willing to rent plot.
4. Garden tools, hoses, and watering equipment are available in the garden shed for use on the plots. Please clean tools after use. Each gardener will be given the combination to the shed and water supply. Ensure the shed and water supply are locked when your leave.
5. Children are welcome in the garden but must be accompanied by an adult and must be supervised at all times.
6. Each gardener must complete a Release of all Claims form before any work in the garden can begin.
7. Garden plots should be cared for at least once a week. It is the gardener's responsibility to notify the coordinator if he or she is not able to care for their plot. If any plot remains unattended for more than three weeks that plot is subject to reassignment.
8. Water can only be applied while the gardener remains at the plot (Do not leave the garden area with the water running).
9. The use of herbicides (commercial weed, insect or fungal killers) on garden plots is prohibited.
10. Garden plots will be assigned on a "first come" basis.
11. Gardeners may only harvest vegetables and flowers from their plot.
12. At the end of the growing season, gardeners are responsible for clearing their plot of all plant material and leaving the plot as they found it in the spring.
13. The Board of Gardeners is responsible for ensuring that the rules are followed at all times. The Board is appointed by the Isanti County Master Gardeners.
